**ABSTRACT OF THE DISCLOSURE**

The invention relates to a rear parcel shelf system for a convertible vehicle with a hard folding roof. The system has a first retractable shelf. The inventive system also has a second shelf which is intended to be disposed under the bonnet of the rear boot when the roof is in the closed position and has a device for moving and guiding the second shelf towards the front of the vehicle in order to fill the space between the back of the corresponding seats and the front edge of the bonnet when the roof is in the folded position.
